Introducing the new Enfamil.com.

We've redesigned our web experience with you and your baby's needs in mind.

[See the new site](#)

Here's what's new:

Interactive Formula Finder.

▶ An easier way to find the formula that fits your little one's specific needs.

◆ Our simple interactive chat feature lets you answer a few questions about your baby's age, feeding issues, and formula features to give you recommendations on the best formula for your baby.

[Find your formula](#)

Shopping made easier.

○ Effortlessly shop by baby's age or feeding need.

▶ Compare two to three different formulas at once to see how they differ when it comes to feeding needs, nutrients, benefits, and more.

◆ Easily choose your format, type, and size of your formula.

[Shop now](#)

Tips and resources tailored for you.

Articles and expert tips for every parent – from those who are trying to conceive to experienced parents.

Simply click on your baby's age or feeding topic to find articles and videos for your stage of the parenting journey.

Iron for healthy growth.

Did you know that toddlers need 7mg of iron each day to support their growing brains and bodies?
